

I wholeheartedly support the "DO NOT CALL" Consumer Protection Act. This is truly protects my provicy and comfort at home not to be bothered by telemarketers again. Should I need any services or any merchandise, I have means to find them through Websites, store catalogues, yellow pages, etc. most importantly I will only make a move ONLY WHEN I NEED THEM. Let us be very firm and let us keep this regulation in effect forever.

Thanks you, the "DO NOT CALL" makes a lot of sense.
